General Remarks of the Enumerator.

41

Bexley is a well watered Township valuable for its immense Forests of Pine with a beautiful sheet of water called Balsam Lake, at its outlet are several good Water Powers unimproved at present. - There were formerly several settlers in this Township, but owing to want of Road, and Distance from Mills, the settlers have all left but one family. It is supposed North of this Township, was to be found Iron, Copper, Lead & Silver ores.

The preceding pages give a concession and lot number for each settler. Land registry records can be a great source of information for your family history project. I specialize in land records research. Also see the 1892 Bexley settler index at www.ontariogenealogy.com/ontariolandregistryrecordsresearch.html and then order your ancestors land records. For the earliest land records and settler locations also consider a search of the Township Papers and/or the Ontario Archives Land Records index. Email me at landregistryrecords@ontariogenealogy.com for further information.
